Applying for an Australia Awards Scholarship

Australia Awards Scholarships in Indonesia

The overarching goal of Australia's development program will be to partner with Indonesia to boost inclusive growth and productive jobs by improving Indonesia's competitiveness through strengthening the impact of Indonesia's own resources partly through the provision of post-graduate scholarships.

Australia Awards Scholarships are prestigious international awards offered by the Australian Government to the next generation of global leaders for development. Through study and research, recipients develop the skills and knowledge to drive change and help build enduring people-to-people links with Australia.
