Australia Awards in Indonesia is seeking applications from people who work in the development and oversight of infrastructure projects to apply for the Infrastructure – financing structures, instruments and incentives Short Term Award. Through this course, we would like to take you to explore the range of considerations and options in meeting Indonesia’s infrastructure needs. The course also aims to improve inter-agency collaboration in determining what projects are funded and what financing/contracting models could be applied.

To apply for this course, you must be:

• Government of Indonesia representative (staff to Echelon II level) from the following Indonesian Government Ministries:
  i. Ministry of Finance
  ii. Coordinating Ministry for Maritime Affairs and Investment
  iii. Coordinating Ministry for Economic Affairs (including KPPIP)
  iv. Ministry of National Development Planning (BAPPENAS)
  v. National Public Procurement Agency (LKPP)
  vi. Ministry of Public Works and Public Housing
  vii. Ministry of Home Affairs
  viii. Other Ministries with responsibility for infrastructure funding/financing

• A representative from relevant private sector organisations and SoEs including IIGF, PTSMI and IIF

• A representative from selected city and provincial governments

• Having (preferably) a Bachelor’s degree with a minimum D3 level qualification in a relevant field

• Holder of an ID card (KTP)

• Endorsed by your current manager/supervisor

• Committed to preparing and implementing an Award Project as part of the course

• Having professional working proficiency in English. The course will be delivered in English.

Women and people with disabilities are encouraged to apply!

All applications MUST be submitted online on 23 August 2020 at 23.59 WIB at the latest via this link: https://www.australiaawardsindonesia.org/id/InfrastructureFinancing

For more information, please visit www.australiaawardsindonesia.org or contact shorttermawards@australiaawardsindonesia.org.
Key Dates:
• A 3-day pre-course workshop in Indonesia*
• A 2-week short course in Australia*
• A 3-day post-course workshop in Indonesia*
* location and date TBC, subject to COVID-19 situation

Learning objectives
The course learning objectives are participants’ improved skills and ability to:
• Develop understanding of the infrastructure project cycle including project planning and preparation, financial transaction, procurement, stakeholder management, and monitoring and evaluation. Compare Indonesian practices and procedures with international best practice (including Australia). Study the Five Case Model and discuss the Blue Dot Network.
• Examine infrastructure funding and financing instruments and mechanisms and consider their suitability for a range of infrastructure projects (incl. asset recycling, limited concession schemes, public private partnerships, debt/equity financing).
• Analyse infrastructure needs in Indonesia and contrast those with other nations in the region including Australia
• Investigate policies and regulations that attract new private sector investments to support quality infrastructure development (using Australian case studies and other international best practice)
• Discuss strategies for enhanced inter-agency collaboration for project funding, financing/contracting models, oversight of financing and project ownership between Government Contracting Agency (GCA) and other line ministries.

This is a fully funded scholarship. Tuition fee, airfare ticket, accommodation, local transport, visa, and insurance will be covered by Australia Awards in Indonesia.
